ALTO Aviation introduces New Digital Audio Upgrade Solution for Bombardier Global Express 5000 & XRS aircraft.

Sterling, MA. July 12, 2016.

ALTO Aviation, the premier supplier of high-end cabin audio & entertainment systems for business aviation, is pleased to announce their new Digital Audio Upgrade Solution specifically designed to upgrade the cabin listening experience for every passenger in the Global Express 5000 and XRS aircraft.

Global Express Aircraft with the Rockwell Collins (RC) Cabin Electronics System (CES) now have direct replacement ALTO speakers available. Existing speakers located in the PSU panels can be easily replaced with an ALTO ASP-437 direct replacement speaker enclosure.

The existing RC amplifier can be replaced with two ALTO digital amplifiers with custom EQ settings configured for your specific aircraft. New amplifiers mount on the same amplifier shelf.

Existing subwoofers located under passenger seats can easily be replaced in the same location with minimal modifications. The subwoofer in the forward bulkhead is relocated under the corresponding forward seat, providing the VIP and every passenger in the cabin with the most powerful and outstanding listening experience.

About ALTO Aviation

ALTO Aviation is the premier supplier of high-end cabin audio & entertainment systems for business aviation, which are offered as standard equipment on Gulfstream G650/650ER, G500/600, G450/550 Elite Series, G280, Falcon F7X, F900, F2000, Embraer Lineage, Legacy 650, 600, 500, 450, Cessna Citation X, Sovereign, and Latitude. ALTO is the preferred choice for after-market and retrofit installations for all business aircraft, small to large. All of our systems hold TSO certification.

Every ALTO audio system is custom designed and acoustically contoured specifically for each cabin installation. ALTO amplifiers and loudspeakers are expertly engineered to provide the highest level of sound performance at 40,000 feet, using the latest in digital technology.

As a result, every passenger in the cabin gets transported into a powerful audio experience that rivals the best home and theater systems.

Everyone at ALTO is passionate about state-of-the-art sound, and our company is fully committed to providing each client with outstanding customer service and 24/7 support. ALTO Aviation corporate headquarters are located in Sterling, MA. The Engineering and R&D offices are located in Jupiter, FL. ALTO has Sales representation in Little Rock, AR, and Engineering Support for Europe in Stuttgart, Germany. All of our systems are proudly designed, engineered, and manufactured in the US and distributed worldwide.

If you would like more information or would like to schedule an interview with one of our ALTO Aviation representatives, please contact Cristina Scarlata at 978.466.5992 / cscarlata@altoaviation.com.
