ALTO Aviation Offers Digital “Plug and Play” Cabin Audio Upgrade for Embraer Legacy 600

Sterling, MA. November 1, 2016

ALTO Aviation, the premier supplier of high-end cabin audio & entertainment systems for business aviation, is pleased to offer a plug and play digital cabin audio upgrade for the Legacy 600 aircraft equipped with ALTO systems. Current aircraft systems (SN 197 and higher) are provisioned with ALTO speakers and ALTO analog amplifiers. By upgrading the former amplifier to digital, customers can experience amazing sound that can only be achieved through DSP technology. The digital amps are plug and play compatible with the former analog amplifiers, making the upgrade simple and easy. The technology may be used to upgrade the former Baker Legacy audio systems as well.

“As technology advances, we want to pass these improvements along to our customers. Our digital amplifiers offer improved audio quality with DSP technology, providing an infinite band equalizer that allows us to customize the sound profile specific to an interior arrangement. An ALTO audio engineer will tune the system to insure maximum performance. To date, every digital upgrade we have provided has exceeded our customer’s expectations.” Kevin Hayes, ALTO Aviation’s Vice President of Sales & Marketing, said.

About ALTO Aviation

ALTO Aviation is the premier supplier of high-end cabin audio & entertainment systems for business aviation, which are offered as standard equipment on Gulfstream G650/650ER, G500/600, G450/550 Elite Series, G280, Falcon F7X, F900, F2000, Embraer Lineage, Legacy 650, 600, 500, 450, Cessna Citation X, Sovereign, and Latitude. ALTO is the preferred choice for after-market and retrofit installations for all business aircraft, small to large. All of our systems hold TSO certification.

Every ALTO audio system is custom designed and acoustically contoured specifically for each cabin installation. ALTO amplifiers and loudspeakers are expertly engineered to provide the highest level of sound performance at 40,000 feet, using the latest in digital technology. As a result, every passenger in the cabin gets transported into a powerful audio experience that rivals the best home and theater systems.

Everyone at ALTO is passionate about state-of-the-art sound, and our company is fully committed to providing each client with outstanding customer service and 24/7 support.

ALTO Aviation corporate headquarters are located in Sterling, MA. The Engineering and R&D offices are located in Jupiter, FL. ALTO has Sales representation in Little Rock, AR, and Engineering Support for Europe in Stuttgart, Germany. All of our systems are proudly designed, engineered, and manufactured in the US and distributed worldwide.

If you would like more information or would like to schedule an interview with one of our ALTO Aviation representatives, please contact Cristina Scarlata at 978.466.5992 / cscarlata@altoaviation.com / www.altoaviation.com
