PRESS RELEASE

October 10, 2019

**ALTO Aviation expands its onsite custom tuning team
with the incorporation of David Esposito as Audio Systems Engineer.**

ALTO Aviation, an industry leader in cabin audio/entertainment systems, Cabin Management Systems (CMS), and Passenger Controls has expanded its Cabin Management, and In-Flight Entertainment control solutions is pleased to announce the appointment of David Esposito as Audio Systems Engineer, joining the ALTO Aviation engineering team located in Jupiter, FL.

A graduate of University of Miami (UM) with a Major in Music Engineering and a minor in Computer Engineering, Esposito is passionate about audio and comes to ALTO with relevant experience as a recording engineer for UM recording services and an extensive development as a performing musician.

Esposito will be responsible for tuning aircraft audio systems through acoustic measurement and analysis of the cabin in all aircraft platforms for business aviation, being also involved in designing, troubleshooting, and implementing new audio systems, including PA and Cabin Management Systems.

“We are very excited to welcome David to our Audio Systems and Custom Tuning Engineering team. David is a very creative professional, highly skilled in detecting and solving acoustical challenges, and is fully committed toward serving and exceeding the expectations of each one of our customers.” Steve Scarlata, ALTO Aviation VP of Engineering / R&D, said.

About ALTO Aviation

ALTO Aviation is an aerospace industry leader in the design and manufacture of high-end cabin audio & entertainment systems for all aircraft in Business Aviation. Our products and solutions, which include Inflight Entertainment Systems, Public Address Systems, and Cabin Management Systems are sold to OEM and retrofit companies in the business aviation industry and installed in corporate/private/VIP jets and helicopters. ALTO also manufactures precision sheet metal and machined parts for multiple industries in addition to aerospace.

If you would like more information or would like to schedule an interview with one of our ALTO Aviation representatives, please contact Cristina Scarlata at cscarlata@altoaviation.com
